# Distributed Systems & Blockchain in the News

- 09.05.2023: Bitflip in Nessie 2024 entry 65051339 [link]
  - “The tbs\_certificate in the MerkleTreeLeaf of entry 65051339 in Nessie 2024 does not match the pre\_certificate of the PrecertChainEntry. Removing the signature and poison extension from the precertificate yields a TBSCertificate which differs by one bit from the tbs\_certificate in the MerkleTreeLeaf. ”
