# Distributed Systems & Blockchain in the News

- 24.11.2023: Do Kwon extradition approved by Montenegro court [[link](#)]
  - Extradition to US or South Korea
- 01.12.2023: Why is Bitcoin price up today? [[link](#)]
  - Almost \$40k, new information about BTC ETF
  - Settlement with Binance CEO Changpeng Zhao
  - Institutional investors
- 23.11.2023: KyberSwap DEX exploited for \$46 million, TVL tanks 68% [[link](#)]
  - TVL down at [7m](#)
  - “The exploit involved using flash loans to push asset prices into a region of each pool’s liquidity curve where there was no existing liquidity. Then, by executing extremely precise swaps within this region, the exploiter was able to trick Kyber’s code via a precision error.”[[link](#)]
  - [Demands](#) :)
